

HAWAII. DOLE STRICT IN AFFAIRS.

Accuses Jim Boyd of Embezzlement.

Third Officer to Get a Good Shaking-up.

First Sentence of Hanging-Congress Campaign Ends—Chafee Returning.

BY THE ASSOCIATED PRESS-P.M.]
HONOLULU (T. H.) Nov. 1.—[A. P. Correspondence.] Wired from San Francisco, Nov. 3] James H. Boyd, Territorial Superintendent of Public Works, has been suspended from office by Gov. Dole, and arrested on a warrant charging him with the embezzlement of \$100,000 of public funds. The amount of money makes up a third important territorial office, and has involved Gov. Dole in another legal tangle, as to his powers of suspension of officials.

Boyd was in San Francisco, when his chief clerk, B. H. Wright, was arrested on account of alleged embezzlements, aggregating over \$200,000, and when Treasurer Wright was accused with absconding with \$18,000 of public money, and Auditor Austin was suspended under grave charges. Boyd returned here October 22, and was handed a letter from the Governor, notifying him that Secretary Cooper would remain in charge of his department until certain irregularities had been explained. Boyd's explanation was the payment of \$6000 into the department which had not been accounted for.

Gov. Dole advised Boyd by letter that his explanation of where the money had been, and how it had been used, during the interval, was not in the public interest. "His explanation is not satisfactory," and asked for an immediate resignation. The Superintendent's reply was a note stating that he would resume charge of his office. In the case of Auditor Austin, Gov. Dole placed police on guard to keep Boyd out of his office. Boyd appeared at the Capitol building and attempted to enter his office. An officer kept him out, and later he returned to the office and again was refused admittance. Boyd then removed the effort. There was a violent struggle in the corridor of the building, and then Boyd gave up. He will ask the courts for a writ of mandamus to compel the Governor to allow him to resume charge of the office, claiming that the Governor has no power to suspend him, without the consent of the Senate. The Public Works Department is the most important under the Territorial government, serving in contracts and employing many persons.

The departmental difficulties leave the administration in great embarrassment, owing to the doubt as to Governor Dole's power to suspend him. It is understood that the Governor has aid the situation before President Roosevelt and may receive some instructions as to how to proceed. In the meantime, Secretary Cooper is in charge of the Department of Public Works.

FIRST DEATH SENTENCE.
Tambora Gisaburo, a Japanese who was found guilty in the United States Court of the murder on the high seas of Capt. Jacobson of the schooner Fred J. Wood, has been sentenced by Judge Fiske to be hanged December 24. He is the first man condemned to death in the Federal Court here.

HACKFIELD FOUND GUILTY.
The firm of H. Hackfield & Co. has been found guilty in the Federal Court of failing and neglecting to return to Japan three Japanese immigrants who came here and were rejected at the customhouse as contract laborers. Judge Estes imposed a fine of \$300 in each case.

STAMP TAX CONSTITUTIONAL.
The Supreme Court has rendered a decision reversing Judge Little of Hillsdale, N. J., in which he held that the tax on the Territorial law imposing stamp tax on certain documents is constitutional. Little held that the Territory had no power to impose such a tax, but the Supreme Court declared that the organic act gives the Territory such power.

PEACOCK SWORE FALSELY.
United States Attorney Breckinridge has begun the trial in which Captain John Hill recently made his trip to Marcus Island in the hope of getting the island away from the Japanese. W. C. Peacock, the owner of the schooner, is the defendant. His action, however, is charged with having sworn that he is an American citizen, in order to get American register for his vessel, when in fact he was a British subject. The name of the vessel is demanded of him as a forfeit.

REMARKABLE MURDER STORY.
A remarkable story of murder by agreement between two Japanese has been unraveled by the finding of a woman's dead body in a canefield on the island of Maui. The victim was named Ichii. She is alleged to have had an affair with one Fugita Kichitaro, whereby she agreed to leave her husband for him, with a further stipulation that if she failed to carry out her agreement Fugita had her permission to take her life. She failed to live up to her agreement, and last Thursday she was stabbed to death in a canefield. Fugita has been apprehended and held for trial.

St. Louis Crowd Vainly Attempts a Lynching Because of a Collision in Which Eight Persons Were Injured.

BY THE ASSOCIATED PRESS-P.M.]
ST. LOUIS, Nov. 3.—[Exclusive Dispatch.] A crowd too attempted to lynch the mobster and conductor on a wagon, which had struck a wagon containing twelve persons at Jefferson Avenue and Howard street, injuring eight. One, a girl, was injured internally and was taken to a hospital. The others received several bruises, but were able to go to their homes.

RUSHED THE CAR CREW.
A crowd soon collected around the wagon, and someone shouted "Lynch the car crew!" Instantly a rush was made for the conductor and mobster. Several policemen rushed to the rescue, and by threats to shoot kept the crowd back until a patrol wagon could be called. The carmen were then taken to the Police Station to save their lives.

KILLING OFF LANTANA.
Insects imported here from Mexico for the purpose of having them attack the lantana, which is a most destructive weed throughout the islands, are now being done, which was expected of them on the island of Maui. They have attacked some large tracts that are overrun with lantana and are killing the weed. The lantana covers thousands of acres on Hawaii and is almost eradicated except at very heavy cost. Dr. Kuhn, the Hawaiian government entomologist, is now in Mexico collecting insects.

GRAND JUROR HO FUN.
On the list of grand jurors, drawn for the November term of the First Circuit Court, is the name of a Chinese, Ho Fun, said to be the first of his race

to serve on an American grand jury. He is a clerk in a local bank. There is also a Chinese on the trial jury for the term.

CHAFFEE AND WRIGHT.
RETURN FROM PHILIPPINES.

[BY THE ASSOCIATED PRESS-P.M.]
HONOLULU (T. H.) Nov. 1.—[A. P. Correspondence.] Wired from San Francisco Nov. 3] The transport Sumner arrived here October 20, en route to San Francisco, with Gen. A. R. Chaffee and Vice-Governor Luke E. Wright and the Philippino on board. The steamer passed through a typhoon soon after leaving Manila. She lost one of her boats and had several damaged, and for a number of hours was in grave danger.

In an interview published by the Commercial Advertiser, Gov. White had the following to say of conditions in the Philippines and their future: "The developments following the inauguration of the civil government of the islands have been most satisfactory. We have now a civil government almost everywhere and the people seem to be learning its advantages. The system of provincial and municipal government has worked well. During the past year there has not been a single donation and very few thefts. The government is strictly one of civil service."

"There is a degree of peace and safety in the Philippines now, that was never reached under the Spanish rule. The Spaniards used to pay the brigands to keep the peace, and the latter refused to continue this system. After the passage of the Philippines bill last year, we established the insular constabulary, and we now have 6000 of these men, for whom business and they have cleared provinces of law breakers with great rapidity. The service is one which appeals to the natives, for the police are chosen from the tribe whom they must serve from the tribe."

"The future of the islands will be a great one. What are needed most are railroads, and these may be built soon by American capital. The islands now have a trunk line on the island of Luzon now connecting Olongapo and its building will matter greatly."

Gov. Wright also stated that he considered that the return of the friars was the best thing for the islands, and he expected that the Pope would send a representative to apportion the church lands in the Philippines.

Does anybody want to hire six Japanese acrobats, including two human children, a juggler, a foot balancer and one all-round artist, one a blushing girl of 16 and the other a sturdy young fellow, who will fit in any place?

If that doesn't suit, how about seven acrobats, fresh from the Fatherland?

They can do anything in the acrobatic work. They will be available rapidly to the circus or the showman.

The Jester of the Jabour's Show is the leader of the Modern Woodmen of America, when they think

he has no further use for the girl or the robust German girl, who are now turned loose on Los Angeles.

They are also some trained animals,

[NEWS REPORTS FROM TIMES CORRESPONDENTS.]

SUSPECTED FIREBUG PRONONCED SANE.

SEIGLER GIVEN HIS LIBERTY AT SAN BERNARDINO.

De Burlings Fired For Harness Cut Since His Arrest—He Election Held in Dale Precinct—Many Voters Stayed Away From Polls Last Tuesday.

SAN BERNARDINO. Nov. 9.—Edward Ziegler, who is suspected of being the fellow who recently made a number of attempts to set fire to buildings on East Third street, and also of cutting harness reins and tugs, out of pure devilry, was tried before Judge Blodoo yesterday, on an insanity charge, which was dismissed after hearing the testimony of relatives and the examining physicians. It was agreed to discontinue further proceedings against Ziegler, as the evidence of his insanity had him away from the city to the brother's house in North Ontario. Ziegler had been in jail for over a week. H. L. Peck caught him in the act of throwing a lighted cigar through an open window on to a pile of hay in his feed store, corner of Third and C streets, which some one had tried to burn the previous week. Peck swore out a complaint charging Ziegler with arson. Later the charge was changed to insanity, and Ziegler was removed to the County Hospital. At the examination yesterday, there was scarcely any evidence introduced to prove him to be of unsound mind, and his discharge followed. The police are convinced that Ziegler is the man who started the fire on Lower Third street, and who slashed so many harnesses. Nothing of the kind has occurred since his arrest.

NO ELECTION AT DALE.

No election was held in Dale voting precinct last Tuesday, because a stage driver failed to get the election supplies to the polling place on time. There are about fifteen registered voters in the precinct, which is located in a remote section of the desert, who were thus deprived of their right of suffrage, and it is now agreed that a special election will be held. The supplies were sent out from the County Clerk's office nearly a week in advance. But a stage ride of nearly 100 miles to the nearest town reaches Palm Springs, on the Southern Pacific, and the express agent or stage driver failed to get the supplies to their destination on time. Four years ago, a tie vote was cast in Dale township, the smallest in population in Riverside county, between two men, a special election was held. This year, another special election will probably be held, because the supplies did not arrive on time.

OPERAHOUSE PROSPECTS.

REDLANDS. Nov. 9.—There is more talk about the much-needed opera house. This time the plan is to have it located opposite the Casa Loma Hotel, and the matter has gone so far that subscriptions amounting to \$17,750 have been made. To erect the building contemplated \$25,000 will be required. L. Behymer of Los Angeles, who heads the list with a subscription of \$10,000, says the master will have to be hurried up if he is to remain with the undertaking, as he does not wish to be up so much money until next winter without income. He has made an offer to lease the theater, and the Casa Loma Hotel Company will lease another part of the building. These two leases are guaranteed for a term of six years, at a rental insuring a gross income of 1% per cent. for that period. As soon as 5 per cent. of the subscriptions are taken up, the building will begin. The subscribers to the fund are: L. Behymer, \$10,000; Henry Fisher, \$1000; Casa Loma Hotel Company, \$1000; F. P. Morrison, \$1000; A. C. Denman, \$1000; Alfonso Horsey, \$500; A. G. Hubbard, \$500; Henry E. Ely, \$500; E. Lyon, \$500; Mrs. Gertrude S. Bowers, \$500; Frederick C. Hornby, \$400; H. G. In stating that The Times has excreted its hatred against labor unions, and tried to steal credit from the Trumpet for the good work done for the public interest here, the Trumpet's lips mouthpiece has assumed much more responsibility than he is able to take care of, inasmuch as he says a Democratic town has probably been mentioned, in Hop Valley, as "stained Guile," when the Trumpet is the acknowledged champion of the populace, and where it is high reason to read The Times, it is significant to note that the vote went to the Republican candidate in this precinct, where The Times is read every morning by people who have tired of labor union domination, the vote was strongly Republican. Hence it is that the Republicans made their claims as its own, were offset.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Stable Field Blasted.

Fire started in the barley stubble a mile east of Newhall and north of the Los Angeles-Pacific Railway at sunset last evening. It swept over forty or fifty acres, but did no damage. Bell Line Bumped.

The first accident on the new Bell Line occurred last evening when a car rounding the corner of First street and Broadway bumped a hill, and drove off the latter's brake and signal light.

Animals Will Perform.

This afternoon, at Eleventh and Flower, in the Morris & Rosen's, some 300 trained animals will open a week's engagement. A street parade will be given daily at 11 o'clock. This show has been visiting Los Angeles for several years and is justly popular.

Associated Charities.

The annual meeting of the Associated Charities will be held on Tuesday at 3 o'clock p.m. in the rooms of the association, No. 11 and 12 Courtland, where the raising of money and the election of a general council will take place.

Memorial Day Picnic.

Some 200, a majority of No. 20 Unit Council, started out to spend the Sabbath day in toll, and an inanimate tool rotted up and stopped his purpose. A poorly-constructed wheel caught the left side of his face, and smashed and tore the flesh away. He was saved up at the Roosevelt Hospital.

Memorial Day Picnic.

All former members are invited to meet at "The Blue Room," Christine's Apartment, No. 212 South Spring Street, at 8:30. Thursday evening, to proceed with the organization of a Memorial Day Picnic. The picnic will be conducted by the deceased's friends and the members of Los Angeles Commandery, K.T., and Postalpaia Lodge, No. 202 F. and A.M. The floral contributions were profuse and beautiful.

Old Landmark Going.

Los Angeles is about to lose one of its old landmarks, a mammoth date palm tree, which, for probably more than a hundred years, has stood on Date street, back of the lumber yard of the Kerckhoff-Cusner Company, and witnessed the expansion of the old pueblo to a modern city. The tree, which is known botanically as the California indigo, is about seventy-five feet high, and grew from seed planted in Los Angeles in the year the San Gabriel Mission was founded. It has been purchased by A. Kingsley Macomber of Pasadena, and will be removed by George G. Gordon, R. E. Johnson of South Pasadena to the residence of Mr. Macomber on Orange Grove avenue, Pasadena.

POKER PROFESSIONALS DOING OPEN BUSINESS.

SEVEN JOINTS RUNNING FULL BLAST YESTERDAY.

Why the Gamblers Expect to Prosper During the Tourist Season—Almost Impossible to Find Juries to Convict Them.

The poker professionals are getting exceedingly bold; as bold as the hungry lion that watches for its prey, or the wolf looking for the bleating lamb.

There are seven joints running in Los Angeles now, and all of them have a greedy tooth.

Following is a directory of the poker joints brought down to date: Dan Kearney's place, rooms Nos. 215 and 216 Wilson Block, corner of First and Spring streets; the Atlantic on South Main; the Artisan, from the Orpheum; one on the Grand; No. 120 South Main street; one over Mike Polaski's saloon on South Spring street; one in the Berlin, South Broadway, and one in the rear of the Hotel Nadeau basement.

The most open of these is Dan Kearney's. Dan doesn't know that there is an ordinance prohibiting poker rooms. If he does it makes no difference; you are just as welcome.

The other places are doing an indifferent business generally and a good deal specifically.

The police are making no especial effort to close any of the above places. In times past after a vigorous campaign on their part against some of the worst joints and obtaining every bit of evidence, tables, checks and sworn testimony of eyewitnesses aside and gaze with moist eyes upon the "persecuted" defendant. Then invariably the jurors would either acquit or disagree.

The police became tired, after being relieved in the manner of closing time.

The business is not what it used to be shown by the decrease in the number of poker joints. Last winter there were thirty here.

It is predicted, however, that this number will be increased during the coming tourist season.

ORDER B'NAI B'RITH.

The Grand President and Grand Orator Here—Visitors Receive Attention From Local Hebrews.

Marcus Rosenthal, grand president of the Independent Order of B'nai B'rith on the Pacific Coast, and Rabbi M. S. Levy, grand orator, arrived here yesterday from San Francisco, on a visit to the lodges along this coast. In the evening a meeting was held at Temple B'nai B'rith, corner Ninth and Hope streets, to receive the visitors from the lodges along the coast.

In the afternoon President Rosenthal and Rabbi Levy were taken for a drive about the city by Messrs. Lowman, Black and Marschall.

Both the visitors are prominent in the Hebrew community of California and in the International Order of B'nai B'rith, an international fraternal order, which is now gaining a strong foothold in Europe as well as America. President Rosenthal is a San Francisco lawyer and a brother of Toby Rosenthal, the California artist, who now resides in Munich, where he has produced several famous paintings. The two experts in the growth and beauty of Los Angeles after their sightseeing yesterday, as neither has visited this city for some time.

Tomorrow night the grand officers will officiate in a meeting of the local lodges, when a large class of candidates will be installed.

The Independent Order of B'nai B'rith was founded about fifty years ago for mutual benefit, protection, social purposes, and derives its support entirely from Jewish sources, although some of its work is non-sectarian.
